The Louisville Courier-Journal publishes a sanguinary record of some forty murders, more sanguinary record of some forty murders, more in or less historic, and many of which occurred in the Galt House, as a contribution to the annals of crime in Louisville during the last thirty or forty years. These murders are of course only a fraction of the homicides which have occurred in the vicinity during the time meationed.

One of the greatest annoyances connected with railroad travelling is that arising from the cinders and sparks which issue from locomotives. A master mechanic on the Nashua (N. H.) railroad has, it is said, invented an apparatus whereby this inconvenience may be done away with.

"THE COMANCHES." The publishers will shortly issue the history of the 35th Batalion Virginia Cavalry, C. S. A., familiarly known as "White's" Batalion, from its commander, Col Elijah V. White.

It is a work of over 300 pages, and contains the history of this famous command during all the period of its existence, from the formation of its first company in 1861, to the surrender of Gen. Lee's army.

It shows the operations of the "Ashby Brigade" during the two years that the 35th Va. Cav. formed a portion of that gallant command, giving the only published account of the great expedition of Gen. W. E. Jones through West, Va., when the Kanawha river was set on fire, and also the connection of the cavalry with the campaigns of the A. N. V.

The history of the batalion as partizen rangers on the Potomac border, and along the army lines of Banks, Pope, McClellan and other Federal commanders, together with the experience of its men as scouts, guides and couriers for Generals Jackson and Ewell is given, and the MS. is highly endorsed by the officers of the Battalion who have examined it. TRADE MARK. GLASS SPECTACLES, superior to any other in use-constructed in accordance with the science and philosophy of nature, in the peculiar form of

CONCAVE CONVEX ELIPSIS, admirably adapted to the organs of Sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

MORRIS BERNHARDT SPECTACLE AND OPTICAL MANUFACTURES.

The advantages of these Spectacles over all others are:

1. THEY CAN BE WORN WITH PER-FECT EASE for any length of time at one sit-ting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle wearer hitherto unknown.

2. BOW TO SELECT GLASSES It re-

quires professional guidance even when a good article is offered. Doctor Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes, and gives indispensable advice as to the proper selection of them.

TESTIMONY OF RECOMMENDATIONS From Medical gentlemen, Professors of the highest Opthalmic talent in Alexan-

dria Va., and the Union-Alexandria, Va., Sept. 16, 1870. It affords much pleasure to state that after a careful examination of the glasses used by Prof. Bernhardt and his peculiar arrangements for adapting them to the improvement of the varied defects and diseases of the human eye, we feel assured that he is a most skillful and accomplished Optician, and we very cordially commend him to the confidence of the community.

Judging from the interview which I have had with Professor M. Bernhardt, I believe him to be a skillful Optician, and from the many certificates which he has from the highest men of the South, that he is an experier and and reliable Oculist. F. J. MURPHY, M. ..

Pastor M. E. Church South.

I have examined the Brazillian Pebble and Australian Crystal Glasses of Dr. M. Bernhardt, and regard them of superior quality and surpassing any that ever came under my ob-servation. Testimonials from the most promi-nent citizens of the country prove that numbers have been greatly benefitted by the Doctor. I take pleasure in recommending him to any who may need his services. T. H. HAYNES, Pastor of the M. E. Church. Alexandria, Va., Sept. 19, 1870.

[From Ex-Governor Shorter, of Alabama.]

Dr. M. Bernhardt, Oculist and Optician:

My Dear Sir: I beg to express to you the deep sense of obligation I feel for the professional kindness extended to me, by which, with eye sight impaired by years of application and study, I am enabled to write this note with the clearness of vision which I enjoyed in the days of my youth. May your honorable and useful life long be spared, that humanity may enjoy the scientific skill of one so eminently qualified in mind and heart to do good to his fellowmen.

With grateful acknowledgments, permit me to subscribe myself, Your obedient servant and friend, Gov. JNO. GILL SHORTER.

State of South Carolina,) Executive Dept .. Columbia, June 19, 1867. Sir: I have made full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facilities with which you fitted the glass to my eye furnished me conclusive evidence of

your thorough experience as an Oculist.

Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public.

I have the honor to be very respectfully
JAMES L. ORE, Governor of South Carolina.

Portsmouth, Va., Dec. 1, 1865. Prof. Bernhardt:—I owe you a debt of grati-tude for the benefit you have rendered me. For many years I have been accustomed to use glasses when reading or writing, and always with pain, more or less, to my eyes. You have relieved me from all inconvenience. I can now read and write for all hours without any pain, and can see objects distant and near through the same glasses with clearness and distinctness that I have not experienced since my youth.

I am gratefully yours, JOSEPH H. PLUNKETT, Pastor of St. Paul's.
